BAGSPACK 110 115

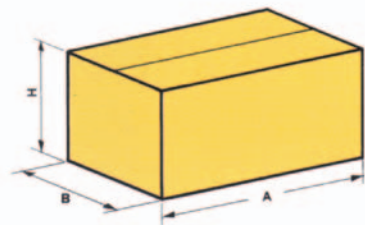

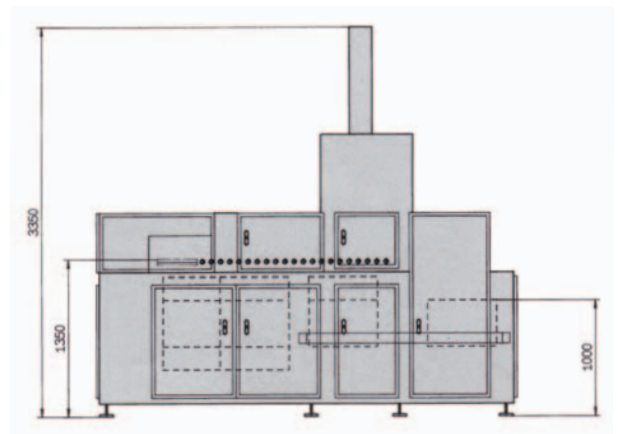

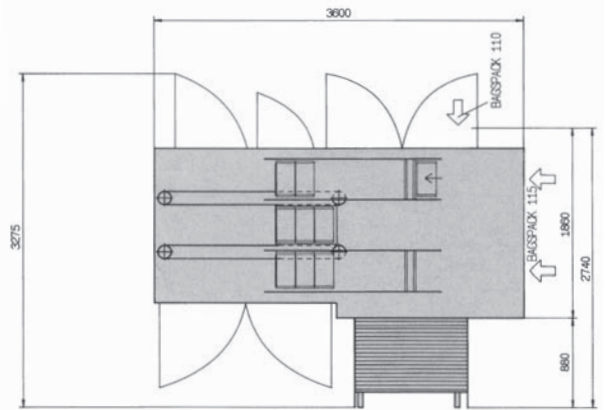

l'efficacia della semplicitá

PATENTED AUTOMATIC CASE PACKERS FOR BAGS

- case erecting and closing
(American type RSCj)
- layers of bags are transferred directly into the case by means of two robotized arms
- case closing with hot melt or sealing tape
- quick and easy size changeover through size program
- operator/machine interface with LCD for self-diagnostic messages, function preset, glue line length program with automatic advance
- excellent hygiene standards, easy clean
- low maintenance requirements free from lubrication
- very gentle product handling
- products: potato crisps, snacks, biscuits, deep frozen food, sweets, croissants, rice etc.
